HOW TO BUY, USE, OR ACCEPT CHAMBER BUCKS

USING CHAMBER BUCKS

Chamber Bucks may be used at any Chamber Member's business that chooses to accept Chamber Bucks. There are no limitations to the products or services that can be purchased. The Chamber provides signs stating,

"We Accept Chamber Bucks"

To our participating members. If a customer does not see this sign, we encourage them to ask the business if they are a Chamber Member and if they are willing to accept Chamber Bucks.

BUYING CHAMBER BUCKS

Chamber Bucks are easy to purchase. You can call the Chamber or drop by our office to make a Chamber Buck order. They are available in \$5, \$10, and \$20 denominations. Bucks may be purchased in any amount. There is no minimum purchase required. A handling fee of 2.5% for purchases over \$100 will be added to all qualifying purchases. This helps offset the cost of printing.

HOW TO ACCEPT CHAMBER BUCKS

Businesses may mail or drop off the Chamber Bucks they have accepted to the White Pine Chamber of Commerce at 636 Aultman Street. Include an invoice or receipt showing what is owed along with the checks. You may do this weekly or monthly. It is up to you. A check will be cut back to your business within a week.

We have developed a policy that does not require the merchant to give change. That, is also up to you. Chamber Bucks are Gift Certificate. The Chamber reimburses the member for the full face value for the Chamber Buck.

Some businesses set up a charge account and charge the purchases to an account called Chamber Bucks. How you set up the account for your book keeping record is up to you.

GET YOUR CHAMBER BUCKS SIGN TODAY

The Chamber Buck sign will notify customers that your business will accept Chamber Bucks in exchange for goods sold or services rendered.

Only Chamber Members are eligible for reimbursement of Chamber Bucks.

Fact!

Locally-owned businesses return about 80% of each dollar to their community. This returns up to 5 times that amount within the community through city taxes, wages, and purchases of materials, supplies and services at other independent businesses.

Chains and franchises contribute roughly 40%, and as little as 20% of sales back to the community. Stores such as Walmart or Home Depot, are given tax-incentives by local governments—costing you far more than the discounted price you think you're paying.
